Immediate Release

New Website Launch

After 6 months of restructuring, Vital Impact Website is now renewed and launched!

The new website is specially designed to deliver Vital Impact's renowned feel of refreshing, neat, and healthy nature to all health conscious individuals.

Many new pages were added to the new website to provide a better transparency of Vital Impact's history, products, and manufacturing process.

Vital Impact's Chairman, Dr. D.J., who is now over 60 years old, is very passionate about health; and for the first time, Dr. D.J. has revealed his healthy tips and his daily living habits!

Other new features of the website includes **News Update**, **Monthly Recommendation** and **Monthly Highlight** sections, they can let Vital Impact supporters to stay updated on our latest activities, health topics, and food trends.

News Update section will include all our news and health talks (including the latest and the past) and it will be published in **News** page. A small abstract of the latest news will be placed on the index page for more continent access.

Monthly Recommendation section will include our seasonal recommendations on specific products to help health conscious individuals combat radical weather changes, which may help in fighting various seasonal diseases.

Monthly Highlight section will include Vital Impact's focus product of the month.

Most of the Vital Impacts supporters are health conscious individuals. To satisfy their needs, Vital Foods are differentiated by different color for better classification. Each

Vital Food will also include a detailed description and function, including its ingredients and recommended use.

Discover more about the brand new Vital Impact website now and thank you for enjoying the website.
