Vital Impact in Singapore

Vital Impact has been riding waves of success for over 20 years. We have been widely accepted by people from all over. Our obsession for Whole Food ingredients for our supplements has earned us the patronage of discriminating clients.

Vital Impact is now preparing to launch Vital Foods in **Singapore**, a country with high awareness, high educational level and highly health conscious citizens.

As the regulatory requirements of Singapore are different from those of Hong Kong, the formulation of some products had to be modified and as such we assigned different names such as **Joints & All** and **GlukoValent**, which are known as **Arthryt Eze** and **Dybet Eze** respectively in Hong Kong.

In Singapore, Vital Impact's products will be available in Guardian retail outlets as well as **SPALON Spas**.

In order to enhance the health of the people of Singapore we have decided to introduce the following products:

1. **Vital Tone** - Every day health
2. **GTF Chromium** - Multiple health benefits
3. **Joints and All** - Support for healthy joints
4. **Vital Bone** - Comprehensive support for skeletal system and teeth
5. **Prostate Tone Gold** - Relief for men over 40
6. **Luscious Hair** - For gorgeous hair
7. **Clean Sweep** - Internal Cleanser
8. **GlukoValent** - Support for diabetes
